### Description

ATLAS® Opti Grip™ offers an innovative seamless liner with the most flexible, lightweight latex coating available. The liner is specifically designed to offer more breathability on the back of the hand. The fingers have been reinforced with Spandex to improve fit and dexterity. In addition the liner is strategically engineered for a second-skin feel with an unparalleled fit. The wearer will experience a glove that conforms to every technical aspect of the hand. The Opti Grip is coated with cushiony, specially designed latex that offers an enhanced vice-like grip in wet or dry applications. This innovative glove offers the absolute optimum in grip, fit, feel and comfort. Opti Grip is performance defined hand protection! Don't take our word for it; call your sales professional or our customer service department today for a sample.

### Suggested Applications:

- Construction
- Mechanical
- Finishing Work
- Masonry & Tiling
- Warehousing
- Roofing
- Transport & Logistics
